The following background information is provided to aid in understanding the reasons for and what is required by this Order:

1. The Court has ordered that certain persons and entities be included as parties to this action because they own water rights within one or more of the nine categories set forth in Paragraph 3 of the Court's *Case Management Order* (Apr. 18, 2000).

2. During the course of this action, it is possible that a party will sell or otherwise convey ownership of all or a portion of the water rights which that party owned when brought into this action by a *Waiver of Service of Notice in Lieu of Summons* or by service of a *Notice in Lieu of Summons*.

3. A change in ownership of a water right or a portion of a water right can occur in a number of ways and for a variety of reasons. Often a change in ownership of a water right occurs when ownership of some or all of the land on which the water is used changes. A change in ownership may involve a sale, a gift, a death or even a divorce. It may also involve estate or business planning decisions such as conveyance to an inter vivos trust or a limited liability company. Frequently changes in ownership are accomplished by a deed. However, in an estate or divorce proceeding they may be accomplished by an order of a court. These examples are not

Reno, NV 89501

Susan L. Schneider
United States Department of Justice
P.O. Box 756
Littleton, CO 80160

4. The form and substance of the notice shall substantially conform to the form of notice attached to this order as Exhibit A.

5. Any person or entity who files a Notice of Change of Ownership of Water Right using the attached form or provides information for this purpose by other means is ultimately responsible for the accuracy of this filing. Consequently, any person or entity who files such a notice regarding water rights subject to this litigation, but retains such water rights, shall nevertheless be bound by the results of this litigation.
